

**Listing of Claims (marking version)**

Claims 1-63 (Previously Cancelled).

Claims 72(Previously Presented)

Claims 67, 75, 76, 79, 80(Cancelled)

Claims 64-66, 68-71, 73, 74, 77, 78, 81-84 (Currently Amended)

Claims 85-93 (New)

Claim 64.(Currently amended) A pharmaceutical composition in the treatment of one or more ailments ailment of selected from the group comprising hypersensitivity reaction diseases, allergies, ~~pain, influenza, colds, inflammation, virus infections, and insect bites~~; by lowering humoral pH with edible acid or its acidic salt wherein said pharmaceutical composition comprises by weight:

~~-0.06-100~~ 0.06.about.100 wt% of edible acid and/or its acidic salts of sodium or potassium, and

pharmaceutical acceptable carrier;

said edible acid is selected from the group comprising phosphoric ~~[[aid]]~~ acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, acetic acid, and propionic acid;

said pharmaceutical acceptable carrier selected from the group comprising a binder, an inert, a diluting agent, an agent, a thickener, a softener, a dispersing agent, an emulsifier, a preservative, a lubricant, a sweetener, a perfume and a pigment.

Claim 65.(Currently amended) A pharmaceutical composition according to ~~claim 4~~ claim 64 wherein said composition is an oral agent, non-oral agent or topical usage.

Claim 66.(Currently amended) A pharmaceutical composition according to ~~claim 1~~ claim 64 wherein said composition is for oral administration and is in a form selected from the group comprising a capsule, a tablet, flakes, a powder, a pill, lozenges, a syrup, a solution and a suspension.

Claim 67.(Cancelled)

Claim 68.(Currently amended) A pharmaceutical composition according to ~~claim 1~~ claim 64 wherein said composition is injection ~~selected from the group comprising intradermal injection, muscles injection, venous injection, hypodermic injection, the joint lubricating liquid, intestine and in tumor.~~

Claim 69.(Currently amended) A pharmaceutical composition according to ~~claim 1~~ claim 64 wherein said composition is none oral agents in a form selected from group comprising such as liquid, solution, paste, aero sol, spray and skin absorption; in which the solvent is selected from the group comprising water, alcohol.

Claim 70.(Currently amended) A pharmaceutical composition according to ~~claim 1~~ any claims of 64, 85-89, 91 or 93 wherein said composition is used as an health care food.

Claim 71.(Currently amended) A pharmaceutical composition according to ~~claim 1~~ claim 70 wherein said health care food is in a form selected from the group comprising a juice, a wine, a soft drink, a carbonated drink, a none carbonated drink, a tea, a sports drink, a functional drink, a coffee, a cola, a sarsaparilla, and a diary product.

Claim 72.(Previously Presented) According to claim 70 wherein said health care food containing 0.06.about.10(wt/wt%) of edible acid.

Claim 73.(Currently amended) A pharmaceutical composition according to ~~claim 4~~ claim 64 wherein said composition is an agent for lowering allergy risk of food containing active protein which causes allergy.

Claim 74.(Currently amended) According to claim 73 wherein said agent for lowering allergy risk of food treated with 0.06.about.10(wt/wt%) edible acid selected from the group comprising phosphoric acid, succinic acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, acetic acid, and propionic acid.

Claim 75.(Cancelled)

Claim 76.(Cancelled).

Claim 77.(Currently amended) A pharmaceutical composition according to ~~claim 4~~ claim 64 wherein said composition is an agent for lowering allergy risk for cloth or grove containing active protein which causes allergy.

Claim 78.(Currently amended) According to claim 77 wherein said agent for lowering allergy risk of cloth or grove treated with 0.06.about.10(wt/wt%) edible acid selected from the group comprising phosphoric acid, succinic acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic

acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, acetic acid, and propionic acid.

Claim 79.(Cancelled)

Claim 80.(Cancelled)

Claim 81.(Currently Amended) The product produced according to claim 76 ~~or claim 80~~ 77 or claim 78.

Claim 82.(Currently Amended) A pharmaceutical composition according to ~~claim 1~~ any claims of 64, 85-92, or 93 for animals.

Claim 83.(Currently Amended) A pharmaceutical composition according to ~~claim 1~~ Claim any claims of 64, 85-92, or 93 for mammal animals.

Claim 84.(Currently Amended) A pharmaceutical composition according to ~~claim 1~~ Claim any claims of 64, 85-92, or 93 for human.

Claim 85 (New): A pharmaceutical composition according to claim 64 wherein said ailment is colds; said edible acid selected from the group comprising phosphoric acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, and propionic acid.

Claim 86 (New): A pharmaceutical composition according to claim 64 wherein said ailment is insect bit; said edible acid selected from the group comprising phosphoric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid,

gluconolactone, .alpha.-hydroxy ethanoic acid, acetic acid, and propionic acid.

**Claim 87 (New):** A pharmaceutical composition according to claim 64 wherein said ailment is inflammation; said edible acid selected from the group comprising phosphoric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, and propionic acid.

**Claim 88 (New):** A pharmaceutical composition according to claim 64 wherein said ailment is itch; said edible acid selected from the group comprising phosphoric acid, succinic acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, and propionic acid.

**Claim 89 (New):** A pharmaceutical composition according to claim 64 wherein said pharmaceutical composition is used in free radicals scavenger; said edible acid selected from the group comprising phosphoric acid, succinic acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, acetic acid and propionic acid.

**Claim 90 (New):** A pharmaceutical composition according to claim 64 wherein said pharmaceutical composition is used in topic adhesive agent; said edible acid selected from the group comprising phosphoric acid, succinic acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, acetic acid and propionic acid.

**Claim 91 (New):** A pharmaceutical composition according to claim 64 wherein said pharmaceutical composition is used in agent for the depression of enzyme activity; said edible acid selected from the group

comprising phosphoric acid, succinic acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, and propionic acid.

Claim 92 (New): A pharmaceutical composition according to claim 64 wherein said pharmaceutical composition is used in agent for hair lotion or water bath; said edible acid selected from the group comprising phosphoric acid, succinic acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, acetic acid, and propionic acid.

Claim 93 (New): A pharmaceutical composition according to claim 64 wherein said pharmaceutical composition is used in agent for pustles; said edible acid selected from the group comprising phosphoric acid, succinic acid, fumaric acid, maleic acid, malic acid, tartaric acid, citric acid, lactic acid, .alpha.-hydroxy octanoic acid, gluconolactone, .alpha.-hydroxy ethanoic acid, acetic acid, and propionic acid.
